Pets First Animal Hospitals are looking for veterinarians to join our teams in Fort Myers and Estero, Florida! New grads and experienced vets are welcomed!

We are a growing, multi-location, small animal general practices in Southwest Florida. Our hospitals serve the communities in Cape Coral, Fort Myers, Lehigh Acres, Bonita Springs, Estero, and Naples.

Our value is in our team's culture and our commitment to patient care and the client experience. We strive to be the best in service, and are committed to family values for our clients and our staff. We offer a career with no limits to your personal and professional growth within our organization.

We are active in the community and work closely with Love Is Fur Ever Dog Rescue and Bonnets for Abigail to help shelter animals needing reconstructive surgery.

Continue reading to see the various opportunities available to be a part of this exciting company and to be at the core of our growth and expansion across multiple locations.

About the Estero location - Pets First Wellness Center:

- Up-to-date facility with 3 exam rooms, 2 treatment areas, exceptional surgery suite, hospitalization wards, and grooming.
- Complete pharmacy with a large inventory of established pharmaceuticals as well as many of the latest developments.
- Digital x-rays and all radiographs are sent to a specialist for confirmation and education.
- Isoflurane anesthesia, Cardell Touch monitoring equipment, orthopedic surgical tools, ultrasonic dental equipment, and digital dental x-rays.
- We use eVet Practice's cloud-based software. Finish your medical records on the beach or in the comfort of your home with access across all devices. Tablets and televisions for educational opportunities are located in every exam room!
- In-house laboratory capabilities for complete blood count, serum chemistry, total thyroid, clotting profiles, urinalysis and sedimentation, and common antigen/antibody tests. We work with Antech as our external laboratory.

- We are conveniently located off of I-75 near Corkscrew Road in a complex with other veterinary professionals that offer specialty services and a 24-hour emergency care center.

About the Fort Myers location - Pets First Animal Hospital:

- Up-to-date facility with 4 exam rooms, treatment area, surgery suite, hospitalization ward, and grooming.
- Complete pharmacy with a large inventory of established pharmaceuticals as well as many of the latest developments.
- Digital x-ray and all radiographs are sent to a specialist for confirmation and education.
- Isoflurane anesthesia and Cardell Touch monitoring equipment.
- We use eVet Practice's cloud-based software. Finish your medical records on the beach or in the comfort of your home with access across all devices. Tablets for educational opportunities are located in every exam room!
- In-house laboratory capabilities for complete blood count, serum chemistry, total thyroid, urinalysis and sedimentation, and common antigen/antibody tests. We work with the Antech external laboratory.
- We are conveniently located near the Cape Coral bridge in the Publix shopping center at South Pointe Commons. We are within 15 minutes of a 24-hour emergency care center.

As an Associate Veterinarian, it's about the opportunity to contribute your unique skills and expertise to our team deliver red carpet service to our patients, clients and team members by:

- Practicing ethical veterinary medicine according to all applicable laws and codes.
